

CAR-REP[®]
— automotive products

OEM PERFORMANCE

- PROPELLANT
- 2K RESIN
- DE-ACTIVATED HARDENER
- 2K REACTION

NO MIXING. NO ACTIVATION. JUST SHAKE & SPRAY.

Car-Rep's® patented 2-component Wise 2K® technology features both the deactivated hardener and the paint in a single compartment can. Forget about activation, mixing and waste. The hardener activates only when sprayed, not inside the can, providing Car-Rep® 2K with a revolutionary **UNLIMITED POTLIFE.**

Car-Rep® 2K is always ready and easy to use. Both the epoxy and polyurethane technologies deliver outstanding 2-component performance, offering superior adhesion, corrosion resistance, and resistance to chemicals, scratches, and UV rays.

UV-RESISTANT

RUSTPROOF

"Seam sealers must be applied to all panel seams and match factory function and appearance. Never apply seam sealers to bare metal."

Synopsis of Ford, Chrysler, Lexus etc

"You must apply 2K epoxy to all bare metal surfaces prior to applying any seam sealer, body filler, or other refinishing products."

Honda March 2020

TRUE 2K OEM PERFORMANCE & OPTIMIZED EFFICIENCY

Car-Rep's game changing 2K innovation allows for repairs to be completed on the shop floor to OEM performance requirements. The unlimited potlife allows the user to maximize working hours and eliminate waste from mixing paint or premature hardening from activated aerosols.

✗ 2K EPOXY

2K EPOXY PRIMERS SEALERS

Car-Rep's® 2K Epoxy Primer Sealers are designed to provide a durable, anti-corrosive and extremely robust sealing coat for almost all substrates. Use interchangeably with 2K eCoats. Provides an adhesion bridge layer for putties, which can be applied directly on the primer without sanding. Overpaintable once touch dry - wet on wet application. Weld through. No sanding required.

Features:

Use as a Weld Through Primer

2K EPOXY TOP COAT

Car-Rep® 2K Epoxy Top Coats deliver optimum performance and value with single-stage application. Direct to surface saves time and materials on almost any surface from bare and galvanized metal to chrome, wood, glass and most plastics. Adheres exceptionally well and boasts superior corrosion, chemical, scratch and UV resistance. Optimal for both powder coat spot repair & touch up and replacing 1K Trim Paints with 2K OEM performance.

DTM. SINGLE STAGE APPLICATION. OEM PERFORMANCE.

USE TARGETS: Ideal for spot repair and touch up. Use for all small parts, engine bays, brake calipers, wheels and suspension parts. Excellent for fleet maintenance, equipment spot repair, motorcycles, powersports and much more.

✘ 2K POLYURETHANE

2K POLYURETHANE CLEAR COAT

Car-Rep® 2K Polyurethane Clear Coat forms a strong and extremely durable crystal clear chip, chemical and UV resistant film. It can be applied over solvent or waterborne base coats. Revolutionary Wise 2K® technology delivers 2K OEM performance without the worry about premature hardening in the can. Features superior gloss retention and quick chemical resistance. High quality blendability and quality spray and flow.

USE TARGETS:

Smart Repair / Spot Blends / Small Parts & Jambs /
Artwork & Intercoat / Spray Outs / Headlights

CAR-REP® GUIDE COAT

Secure your paint jobs and spray guide coat on body filler, primer or clear coat before sanding to help identify surface imperfections. Helps locate pinholes, high spots, low spots and orange peel. Dries instantly and does not clog sandpaper.

C01259 Car-Rep® Guide Coat

CAR-REP® SPRAYGUN CLEANER

Maintain & keep your paint equipment spotless by removing fresh or hardened paints and primers. Safe on spray gun seals and packing. Quick wipe away and evaporation leaving no film. Great for cleaning out aerosol spray nozzles and Car-Rep spray wands to allow multiple uses.

C01252 Car-Rep® Spraygun Cleaner

CAR-REP® PERFECT PANEL

Perfect Panel guarantees perfection every time. Simulates gloss clear to easily spot dents and imperfections on the surface. Apply on body work, primer and bare metal. Stays wet long enough to use on multiple panels at once or use to check color on spray outs. Safe on all surfaces and leaves no film behind.

C01251 Car-Rep® Perfect Panel

CAR-REP® PRE PAINT CLEANER

Designed for spot repair spray on all surfaces to remove silicone, wax, grease, dirt and oils before doing body work, primer or paint. Easy wipe off without leaving residue or film. Safe on bare metal or already painted surfaces. Not for sale in California.

C01245 Car-Rep® Pre Paint Cleaner

✖ 1K PRO SHOP

CAR-REP® ADHESION PROMOTER

For strong bond spray on any surface to promote adhesion, especially on plastic before primer or paint. Can be top coated after 5 minutes with waterborne or solvent-based paints or primers. Helps against lifting, solvent attack or reaction.

C01072 Car-Rep® Adhesion Promoter

CAR-REP® 2-IN-1 UNIVERSAL PRIMER HIGH-COVERAGE

Professional fast-to-dry acrylic primer designed for most surfaces: metal, plastics, glass and vinyl and more. Features outstanding adhesion & avoids runs.

C1121

Car-Rep® Professional High Build Primer Filler Dark Grey

CAR-REP® TRIM BLACKS

High-coverage professional acrylic coating designed for use on OEM trim parts, can be used on most surfaces including vinyl and metal. Durable finish with great adhesion and avoids runs.

C03203S Car-Rep® Trim Black Satin

C03201M Car-Rep® Trim Black Matt

C03202G Car-Rep® Trim Black Gloss

CAR-REP® 1K ACRYLIC CLEAR COAT

Fast-drying, high coverage, professional acrylic 1K Clear Coat designed to use on most surfaces. High-gloss, satin and matte finishes, use with water or solvent-based base coats.

C1200 Car-Rep® 1K Acrylic Clear Coat High Gloss

C1200M Car-Rep® 1K Acrylic Clear Coat Matte

CAR-REP® UNDERBODY COATING

Provides durable protection for car parts that are exposed to stone chipping and rust. Thanks to its rubbery consistency, it acts as a highly effective barrier against mechanical impact and corrosion. It also provides a sound-deadening effect, helping to reduce road noise.

C01133 Car-Rep® Underbody Coating

✗ FILLING MACHINES

VOLUME FILLING. CLEAN. ELECTRIC.

WISEFILL SERIAL FILLING

Highly efficient serial filling for high volume fillers. WiseFill is our fastest & most efficient filling solution, it can fill up to six aerosol cans in a minute with its 1.32 gallon (5 litre) paint container.

It is the quickest portable filling machine on the market. Equipped with a disposable liner it uses 90% less cleaning solvents and dramatically reduces labor time leaving you enjoy higher margins.

EFILL FILLING MACHINE

Skip the noisy compressors and choose the quiet eFill® machine with an electric drive for efficiency and value. Armed with serial filling capacity you can use the same filling liner and piston lid up to 10 times when filling with the same color. eFill® is portable, you simply plug in and fill.

Patented eFill® delivers significant labour and material savings - up to 80%. Expansion into new locations is easy with the portable machine.

EFILL CONVERSION KIT

An adaptor kit for pneumatic aerosol filling machines to enable serial filling with the patented eFill® filling cup and piston cap. Allows the use of a filling cup and cap up to 10 times when serial filling with the same color - significant time and material savings.

✖ FILLING SOLUTIONS

1K FILL CANS

Car-Rep® 1K Fill Cans deliver superior performance and value for all your custom color needs. Prefilled with propellant gases and special solvent mixtures you can always find the right fit. Car-Rep® 1K Universal Prefill with DME propellant gas features an excellent spray pattern and is compatible with a wide range of solvent-borne base coats. Contact us for special projects.

INNOVATION. TECHNOLOGY. MANUFACTURING.

CAR-REP® is a brand of **Maston Oy**, Northern Europe's leading aerosol paint manufacturer with exports to 45+ countries around the globe. We have been producing the highest quality spray paint solutions for every garage out there since 1968 and offer a full line of aerosol products to help you restore, restyle and protect your vehicle & equipment - whether you're a professional or a passionate DIYer.

As a family-owned company since 2010 our focus on research and development has produced one of the leading patent portfolios in the aerosol paint industry globally. We are proud to manufacture our own products and respond quickly to the changing needs of both our product users and regulatory requirements to deliver unique, high-performance solutions.
